New Brunswick, NJ
B.A. in Cell Biology & Neuroscience
Class of 2015
GPA 3.4 / 4.0
Dean's List (All Jr. & Sr. semesters)

SUMMARY

I am a user experience designer with a background in the financial services industry. I utilize data-driven research and crtitical thinking skills to translate problems into simple and intuitive digital solutions.

EXPERIENCE

UX Designer, Aug 2016 - Present
Preqin — New York, NY

- Designed from concept to launch Preqin Pro, a SaaS alternative assets research web platform
- Collaborated with developers, product managers, and CTO using wireframes, user flows, and prototypes
- Conducted usability testing after each phase release of Preqin Pro, gathering key insights and user feedback

Research Analyst, Oct 2015 - Aug 2016
Preqin — New York, NY

- Communicated with executives and investment analysts from pension funds and foundations seeking updates on their portfolio exposure to the alternative assets space
- Gathered and analyzed data for the firm's annual global report by surveying institutional investors
- *Translational Skills:* research & data analysis, user surveys, user interviews

Financial Services Intern, Jun 2014 - Aug 2014
Network 1 Financial Securities — Red Bank, NJ

- Performed targeted research and analysis on equities and options strategies
- Examined the firm's Written Supervisory Procedures for specific internal auditing controls, and helped organize, sync, and upload files into the firm's database
- *Translational Skills:* research & data analysis, organization, financial concepts

Research Assistant, Feb 2014 - Dec 2014
Rutgers RWJ Medical School — Piscataway, NJ

- Led a team of students to perform data input/analysis using File Maker Pro and SAS in a clinical study on asthmatic patients
- Published two abstracts to the International Society for Advancement of Respiratory Psychophysiology
- *Translational Skills:* explaining complex concepts, leadership, research & data analysis
